

Free Range Chicken

Pre Order your chicken for the 2019 growing season! This is a great way to stock your freezer as we will only have a small supply of chickens to sell off our farm throughout the year. Our chickens are raised naturally on pasture grasses with free access to grain. Our chicken contains NO MSG, NO nitrates, is USDA inspected, and is raised with non-medicated feed.

New for 2019 – We will have two pre ordering events available this year. Our first batch has a limited number of chickens available and will be ready by the middle of May. The second batch will have a large number of chickens available and will be ready near the end of summer.

Order before April 22 to receive the discounted price! We are also offering **whole chickens, halved** and **pieced chickens** this year!
